

**F**ounded by David Peterson in 1993, Peterson & Associates, P.C. is a highly aggressive and successful plaintiffs-only mass tort/personal injury law firm that handles all types of catastrophic personal injury cases, with an emphasis in the areas of pharmaceutical and medical device litigation. Attorneys for the firm have extensive national litigation experience, having handled matters in federal and state courts in more than 30 states. For the third year in a row, Peterson has been nominated to the *Missouri Super Lawyers*® list.

**MASS TORT LITIGATION** Peterson has been part of many successful mass tort and multidistrict court litigations, having successfully resolved thousands of cases against pharmaceutical and medical device manufacturers. Peterson currently serves on the Plaintiffs' Executive Committee for the California coordinated Ortho

Evra® litigation and also represents hundreds of clients pertaining to other mass torts, such as Trasylol®, Kugel® Mesh Patch and Vioxx® to name a few.

**PRACTICE AREAS** Mass tort litigation, class actions and complex products liability claims in the areas of:

- pharmaceuticals
- medical devices
- catastrophic personal injury
- nursing home litigation
- toxic chemicals
- defective or recalled products
- consumer protection

**SUCCESS IN COURT** Peterson has extensive experience handling complex, high-stakes litigation. As a member of the Million Dollar Advocates Forum, he has obtained many judgments

or settlements well in excess of \$1 million. "Prior to founding Peterson & Associates, P.C., I defended major corporations against catastrophic complex products liability claims," Peterson says. "I know how they defend themselves and prepare for trial, and I can shape our plaintiffs' cases accordingly to greatly enhance our success at trial."

Many of the firm's cases are the result of referrals from other attorneys from across the country who seek the experience and proven success of Peterson attorneys in mass tort litigation. Along with a strong legal strategy, the firm uses cutting-edge technology in the courtroom. In the last decade, Peterson has collected more than \$300 million on behalf of his clients.
